Slides & Accessories Sold Separately

Jungle Fort Swingset Features:

- **Large:** 6ft x 6ft size, 5ft deck ht., 6ft headroom, Multi-Color Roof (R • B • G • Y)
- **Sandbox:** Under Fort, 4 seat positions, a full 8" deep.
- **Inclined Step Ladder:** 2x2 handrails, 2x4 treads solidly braced, entry handgrips.
- **Gang Plank Ramp:** Climbing rope, safety side rails (optional).
- **Monkey Bars, Rock Wall, Picnic Table and Tire Swing:** Available to add on, now or in the future.
- **4-Position Swingset:** Solid 8 ft high, 4x6x12ft long standard beam size (or 16ft, 8ft long) 1/2"-bolted 4x4 A-Frame. All-Bolted A-Frame design is stronger than those using metal braces and nails that can loosen over time.
- Supports longer 10 ft. **Wave, Combo, Scoop or Spiral Slides** that require 5ft-high platform.
- Two 2x6 accessory beams on Fort.
- **Activities Separated:** Climbing, sliding, and swinging are all separate areas. Slide located on its own side... away from the Ladder. Monkey Bar climbing separate from swing area. Ladder design includes handrails. (Designed to meet the ASTM safety guidelines.)
- **Splinter-Free:** Wood-polymer lumber can be used for the Fort platform and walls where skin contact occurs most (optional).
- **Easy-to-build!** See for yourself! *Detailed Plans available for purchase preview (Credited to Your Kit Purchase)*
"Anyone that can measure, cut, and drill can build a professional set."
- **Customize:** Plans range from 15'Lx7'Wx11'H up to 30'Lx22'Wx11'H.
- **Relocate:** All bolt construction, no cement required.

Save up to 50% or more vs. comparable prefabricated sets!
