Slides, Tunnels & Panels

DETAILED
Play Systems

Slides & Tunnels

We have a wide variety of slide options that may be added to any playset.

Turbo Slide

A heavy-duty, well proven slide designed to maximize fun! Mounts to 7 ft. deck height. Made from fade-resistant polyethylene. Complete with hardware and assembly instructions.

Available colors: Green Yellow

Combo

10' & 14' sizes (5 ft. & 7 ft. mounts, respectively).

This double-walled "Wave plus Scoop" combination slide is specially molded for maximum durability and strength, featuring higher side walls and a distinctive molded base design. Available colors:

Blue Green Yellow

Tube Tunnel

Add a tunnel that your kids will love! 24" diameter polyethylene tube. Complete with end panels, instructions, and all hardware. Length of 60". Lumber not included.

Oversized delivery, per slide delivery terms.

Available colors: Green Yellow

Jungle Bubble

Add a new window to the world, the nose of a space pod or any new playground idea! Tough 1/4" polyethylene sheet with clear Lexan bubble. 30"Wx36"H. Assembly required. *Standard size delivery. Slide delivery terms do not apply.*

Blue Green Yellow

Scoop

6'-14' + sizes (3 ft.-7 ft. mounts).

Call for other deck heights.

Smooth half-pipe design with wider and higher walls. Comes in multiple sections fastened together using a tongue and groove seam beneath slide. Requires (2) 2"x4"s bolted under each side wall (hardware included).

Available colors:

Blue Green Red Yellow

Wave

Available in 10' size (5 ft. mount).

The industry standard wave slide for backyard playgrounds. Made from molded polyethylene structural foam. No bracing or assembly required.

Available colors:

Blue Green Yellow

Spiral

Mounts to 5 ft. deck height.

Additional inserts available for 5-1/2 ft. & 6 ft. deck heights. Made from molded polyethylene structural foam sections. Center post installation requires some digging and cement work.

Available colors:

Green Yellow
